Our facilities

Design House

We have best-in-class design and analysis software and highly qualified engineers employed, allowing us to design products as per customers' requirements in-house.

Manufacturing capability

We have our forging unit and heat treatment furnaces. Our workshops are organized according to the materials used for manufacturing the products. We develop valves using more than six different materials.

Testing facility

We also maintain a state-of-the-art laboratory for testing and quality control, where we have installed highly sophisticated testing machines. We do both destructive and non-destructive testing in our facility and plan to start cryogenic and fire-safe tests.

Our marquee clients

Our business advantage

Rich industry experience

We possess more than three decades of industry experience, which equips us with deep insights into the finer business nuances and trends. This knowledge lets us stay ahead of the sectoral curve and proactively prepare for emerging opportunities. It also helps us better align our products, solutions and services to meet customer expectations.

Infrastructure

Our integrated manufacturing facility comprises in-house design & development, casting, machining & welding, assembly, lab testing, pressure testing, painting & packaging.

Manufacturing Capability

We have three different foundry shops for three different metallurgies, e.g., non-ferrous metals, stainless steel and carbon & alloy steel. Moreover, we have expertise in multiple manufacturing processes, e.g., shell moulding for non-ferrous alloys, investment casting for stainless steel, and no bake moulding for carbon and alloy steel, providing us the bandwidth to innovate and customise products and solutions.

Large product portfolio

We have 500+ SKUs in our portfolio that cater to diverse sectoral needs. Many of these products are customized as per clients' requirements. It de-risks the Company from an over-dependence on any one sector or a handful of customers. Moreover, our passion for innovation allows us to rejuvenate our product basket with contemporary solutions that enhance our opportunity horizon.

Robust distribution network

We sell our products through our 750+ registered dealers spread across different parts of India, serviced regularly by our strategically located warehouses. Our extensive sales network has created an expansive market presence, allowing us to capitalize on emerging opportunities effectively.

Diverse and industry-leading client base from multiple industries

We cater to marquee brands in India Inc., some of whom are sectoral leaders. Our relationship with these brands is a testimony to our product quality. Moreover, our connection with them provides exciting insights into sectoral trends, allowing us to analyse and prepare for every possibility.

Statement from the Chairman

“We are uniquely positioned to grow across segments and channels – both locally and globally, given the depth of our portfolio, sound technology, diverse manufacturing capability, strong financials, brand equity and, above all, a great team.”

Dear Shareholders.

I am pleased to write to you after another eventful year of progress. We are proud to have continued our industry-leading growth momentum through a year that was relentless with significant volatility and uncertainty owing to the ongoing war and supply chain constraints.

Our topline and bottomline numbers were at an all-time high. Business profitability improved a few notches higher. Our cash flow increased. In a nutshell, we made good progress. The growth resulted from some definitive steps in the right direction, which yielded heartening results.

We increased the strength of our sales team and widened our geographic presence. We introduced alluring schemes for our dealers and customers. We secured product approvals from large building contractors. These factors increased the flow of business opportunities.

FY23 was an important milestone from a product basket perspective. We introduced in-house developed and manufactured Stainless Steel Valves as a superior solution to imported brass valves. Since the product range is developed in-house, we could offer a wide range

of stainless steel valves for diverse applications. Our new product range received a reassuring response from our dealers and customers and strengthened our brand in the minds of marquee clients.

In addition, we significantly widened our product range from 12-inch dia valves to 36-inch dia valves. This product expansion strengthens our presence in the oil & gas and petrochemical sectors, which are relatively uncluttered opportunity spaces.

Our product development efforts helped increase the proportion of value-added products in our revenue mix. Additionally, we sharpened our focus on reducing costs and enhancing process automation on the shopfloor – the combination of these factors helped improve business profitability.

Having elevated the organisation into a new growth orbit, the challenge lies in sustaining our momentum in the current year.

FY24 and onwards...

The current year will be exciting as Atam Valves is making an attractive diversification. We are adding a new vertical to our business—bathroom fittings.

For some time now, we have done our groundwork and market research, highlighting a yawning gap between the top-end international brands and the regional and local players. It is a space that serves our society's large and fast-growing middle and upper-middle sections but is relatively uncluttered.

Marketed under the 'Delle' brand, our bathroom fitting, currently outsourced, will cater to this market segment. We expect to commence operations of our manufacturing facility in FY24, after which we will manufacture all our products in-house and focus on widening our range to align with customer aspirations.

I am proud to state that the third generation of the promoter family, my grandson, is spearheading this vertical. I am confident that his expertise and energy will make this vertical a vital growth lever for the business over the coming years.

In our existing business, we will focus on manufacturing valves using special-grade inputs, which are in high demand in India and across the globe. This should help us grow our international business significantly over the coming years.

In closing....

We are uniquely positioned to grow across segments and channels – both locally and globally, given the depth of our portfolio, sound technology, diverse manufacturing capability, strong financials, brand equity and, above all, a great team.

We stand committed to enhancing our products, processes, quality and customer orientation. And will work relentlessly towards sustaining our industry-beating performance in the current year.

Before I sign off, I thank my colleagues on the Board for their invaluable support and guidance. I thank the Atam team for their dedication and efforts in raising the bar for the organisation – your passion is inspiring. I also thank all our stakeholders for their support during our journey, without which we would not have been able to make it this far. I hope to receive your continued support as we move forward.

Warm regards

Vimal Parkash Jain
Chairman

A promising outlook

Macro factors

India is progressing with passion and poise toward crossing the US\$ 5 trillion GDP mark.

India is all set to sustain its position as the fastest-growing major economy in the world, backed by the success of the Government's Production-Linked Incentive (PLI) Scheme.

The Scheme involves incentives of ₹1.97 lakh crore over five years and covers 13 sectors, such as telecom, electronics, auto parts, advanced batteries, pharmaceutical drugs, and solar energy components. It was also in tune with the Government's Aatmanirbhar Bharat campaign, as the PLI Scheme is expected to improve local manufacturing.

The PLI scheme is expected to bring in incremental investment of ₹7,920 crores, incremental production worth ₹1,68,000 crores, exports worth ₹64,400 crores, and earn direct and indirect revenues of ₹49,300 crores.

Sectoral estimates

Gas: Currently, about 17,000 km of Natural Gas pipeline network is operational in the country. Moreover, there are plans to complete the National Gas Grid by developing additional 15,500 km (approx.) pipeline networks, which are at various stages of development. The goal is to achieve uniform economic and social progress across the country.

City Gas Distribution: City Gas Distribution (CGD) networks are a system of underground natural gas pipelines for supplying Piped Natural Gas (PNG) and Compressed Natural Gas (CNG) to domestic, commercial and industrial customers. The government estimates that about 50 million households will get PNG connections by 2030. Also, a target is set to increase the number of CNG stations to 10,000 by then. There's also a strong emphasis on the expansion of CGD networks across the country by covering 407 districts with the potential to make gas accessible to over 70% of the Indian population to enable the supply of cleaner cooking fuel to households,

industrial & commercial units as well as transportation fuel (such as CNG) to vehicles. An investment of ₹120,000 crore is envisaged towards this end over the next ten years.

Water infrastructure: India is also posed with the risk of a serious water crisis looming. The Jal Jeevan Mission launched by the Government of India in 2019 envisions providing safe and adequate piped drinking water to every rural household by 2024, and Rs.3.5 trillion has been allocated for this mission. The Government's Har Ghar Nal Se Jal programme announced in the Budget 2019-20 is an integral part of the Jal Jeevan Mission, and its goal is to implement sustainability measures such as greywater management, water conservation, and rainwater harvesting. In the 2023-24 budget, the Jal Jeevan Mission has again been prioritized, with the Government increasing its fund allocation by 15%. As of March 2023, India has invested US\$240 billion in the water sector through government resources and partnerships with private innovators.

Pharmaceuticals: Between FY18 and FY23, the Indian pharma industry witnessed an annual growth of 6-8%, owing to increased consumption in both domestic and foreign markets. But in 2023 alone, the Indian market grew by 5% to US\$ 49.78 billion with a modest export but robust domestic market growth. According to the CareEdge ratings, the Indian pharmaceutical industry is anticipated to grow at 7-8% in FY24-FY25, supported by a 6-7% growth in exports and an 8-9% growth in the domestic market during the same period.

Chemicals: The Indian chemicals industry is a significant player in the global market, ranking 6th in production and 14th in exports. The sector provides essential building blocks and raw materials for many industries, including agrochemicals, pharmaceuticals, textiles, paper, paints, and soaps. It is valued at US\$220 billion and projected to grow by approx. 9% p.a. during 2020-25 to reach US\$300 billion by FY 2025.

Relevant details and forms prescribed by SEBI in this regard are available in the investor information section on the website of the Company at the weblink: <https://www.atamvalves.in/investor-relations/>.
17. Pursuant to the provisions of the act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a member of the company. Since this AGM is being held pursuant to the MCA circulars through VC or OAVM, the requirement of physical attendance of members

has been dispensed with. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility for appointment of proxies by the members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this notice. However, in pursuance of section 112 and section 113 of the companies act, 2013, representatives of the members such as the President of India or the governor of a state or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on 27th September, 2023 (09:00 a.m.) and ends on 29th September, 2023 (05:00 p.m.). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 23rd September, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

EXPLANATORY STATEMENT (PURSUANT TO THE PROVISIONS OF SECTION 102 OF THE COMPANIES ACT, 2013)

The following statement sets out all material facts relating and the special businesses mentioned in the accompanying Notice:

Item No. 4

Based on the recommendation of the Nomination and Remuneration Committee ('NRC'), the Board of Directors of the Company had approved the Appointment of Mr. Parminder Singh (DIN: 01526736) as an Independent Director of the Company, not liable to retire by rotation, for a term of five years i.e. from September 30th, 2023 upto September 29th, 2028 (both days inclusive), subject to approval of the Members. The Company has, in terms of Section 160(1) of the Act, received in writing a notice from a Member, proposing his candidature for the office of Director. The profile and specific areas of expertise of Mr. Parminder Singh are provided as Annexure to this Notice.

Mr. Parminder Singh has given his declaration to the Board, inter alia, confirming that (i) he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations, (ii) is not restrained from acting as a Director by virtue of any Order passed by SEBI or any such authority (iii) is eligible to be appointed as a Director in terms of Section 164 of the Act and (iv) he is not aware of any circumstance or situation which exists or maybe reasonably anticipated that could impair or impact his ability to discharge his duties with an objective independent judgment and without any external influence. He has also given his consent to act as a Director.

In the opinion of the Board, Mr. Parminder Singh is a person of integrity, possesses relevant expertise / experience and fulfills the conditions specified in the Act and the SEBI Listing Regulations for appointment as an Independent Director and he is independent of the management.

Given his experience, the Board considers it desirable and in the interest of the Company to have Mr. Parminder Singh on the Board of the Company and accordingly the Board recommends the appointment of Mr. Parminder Singh as an Independent Director as set out at Item No. 4 of this Notice for approval by the Members.

Item No. 5

The Board of Directors, at its meeting held on September 04th 2023, based on the recommendation of the Nomination and Remuneration Committee, approved the appointment of Mr. Bhavik Jain, as a Wholtime Director of the Company for a period of five years with effect from September 30th, 2023, subject to approval of the Members. The Company has received a notice in writing from a Member, in terms of Section 160(1) of the Act, proposing his candidature for the office of Director. Mr. Bhavik Jain has also confirmed that he is not disqualified from being appointed as Director, in terms of the provisions of Section 164(1), 164(2) of the Act and is

not debarred to hold the office of a Director by virtue of any order passed by SEBI or any other authority and has given his consent to act as a Director of the Company. He holds a Bachelor's Degree in Science With Honors Management with Marketing from the University of Exeter, Russell Group — Exeter, United Kingdom. The main terms and conditions of appointment of Mr. Bhavik Jain (hereinafter referred to as "WTD") are given below:

A. Tenure of Appointment :

The appointment as WTD is for a period of five years with effect from September 30th, 2023.

B. Nature of Duties:

The WTD shall devote his whole time and attention to the business of the Company and shall perform such duties as may be entrusted to him by the Board from time to time and separately communicated to him and exercise such powers as may be assigned to him, subject to the superintendence, control and directions of the Board in connection with and in the best interests of the business of the Company.

The Board recommends the resolutions set out at Item No. 05 of the accompanying Notice for your approval as Ordinary Resolution.

Except, Ms. Pamila Jain, Mr. Vimal Parkash Jain and Mr. Amit Jain (being relatives of Mr. Bhavik Jain), none of the other Directors, Key Managerial Personnel and their relatives are concerned or interested, financially or otherwise, in this resolution except to the extent their shareholding.

Item No.06

Mr. Surinder Kumar Salwan was appointed as an Independent Non-Executive Director of the Company by the members at the Annual General Meeting of the Company held on 04th Day of July, 2019 for a period of five consecutive years commencing from 04th July, 2019 to 30th September, 2024. In terms of Regulation 17(1A) of SEBI Listing Regulations, effective from 1st April, 2019 consent of members by way of special resolution is required for appointment or continuation of directorship of Independent Non-Executive Director, beyond the age of 75 years.

Further, Mr. Surinder Kumar Salwan will attain the age of 75 years with effect from 15th March, 2024 and approval of members is required for the continuation of his directorship from the day he attains the age of 75 years till the expiry of his current term till 30th September 2024. The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Surinder Kumar Salwan as an Independent Director.

Accordingly, the Board recommends passing of the Special Resolution in relation to continuation of directorship of Mr. Surinder Kumar Salwan as an Independent Director till the expiry of the current term till 30th September, 2024, for the approval by the shareholders of the Company.

Save and except the above, none of the other Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested financially or otherwise, in this Resolution.

Item No. 07

Pursuant to Section 180(1)(a) of the Companies Act, 2013, the Company can dispose off its undertakings/ property/ assets through sale or lease or provide security of its assets for repayment of loan or otherwise only with the approval of the shareholders accorded by way of a special resolution.

Accordingly, the Board proposes to obtain approval of shareholders by way of special resolution for an amount not exceeding ₹50,00,00,000/- (Rupees Fifty Crore Only).

This resolution is recommended for your approval as a Special Resolution.

None of the Directors, KMPs or their relatives are interested in the resolution, except to the extent of their shareholding.

Item No. 08

The Companies Act, 2013 aims to ensure transparency in the transactions and dealings with the related parties of the Company. The provisions of Section 188(1) of the Companies Act, 2013 govern the Related Party Transactions for entering into any contract, transactions or arrangement with the related party(ies), the Company obtain the approval of Shareholders by way of a Resolution as prescribed in rule 15 of the Companies (Meeting of Board and its Power) Rules, 2014

In the light of provisions of the Companies Act, 2013, the Board of Directors of your Company has approved the proposed transactions along with annual limit that your Company may enter into with the related parties (as defined under section 2(76) of the Companies Act, 2013).

Sr. No.	Name of Related Party	Nature of Relationship	Estimated Amount	Nature of Transactions
1.	Amco Industries	Mr. Amit Jain, Managing Director of the company is prop. of said firm.	₹50,00,00,000/- p.a. (Rupees Fifty Crore)	Purchase/Sale of Goods

The Companies Act, 2013 aims to ensure transparency in the transactions and dealings with related parties of the Company. The provisions of Section 188 of the Companies Act, 2013 that govern the related party's transactions.

Their present roles are crucial to provide impetus to the expanding national Business in the emerging market business of the Company. They are focusing on tapping the potential markets. Considering their qualification, experience and present role prescribed limit of Companies Act is not commensurate, hence requires approval of the shareholders.

This resolution is recommended for your approval as a Special Resolution.

None of the directors or KMPs except Mr. Amit Jain is interested or concerned financially or otherwise in the resolution set out in Item no. 08.

ITEM NO. 9

Mr. Amit Jain (DIN: 01063087), Managing Director of the company is currently drawing remuneration of ₹4,00,000 (Rupees Four Lakh Only) per month. After taking into consideration his efforts and value addition into the company, on the recommendation of Nomination and Remuneration Committee, Board of Directors recommended to increase the remuneration of Mr. Amit Jain from ₹4,00,000 per month to ₹12,00,000 per month for three years subject to approval of shareholders.

Therefore the Board recommends the resolutions set out at Item No. 9 of the accompanying Notice for your approval as Special Resolution.

Except, Mr. Amit Jain and Pamila Jain and Mr. Vimal Parkash Jain (being relatives of Mr. Amit Jain), none of the other Directors, Key Managerial Personnel and their relatives are concerned or interested, financially or otherwise, in this resolution except to the extent their shareholding.

ITEM NO. 10

Mr. Vimal Parkash Jain (DIN: 01063027), Wholetime Director of the company is currently drawing remuneration of ₹3,00,000 (Rupees Three Lakh Only) per month. After taking into consideration his efforts and value addition into the company, on the recommendation of Nomination and Remuneration Committee, Board of Directors recommended to increase the remuneration of Mr. Vimal Parkash Jain from ₹3,00,000 per month to ₹8,00,000 per month for three years subject to approval of shareholders.

Therefore the Board recommends the resolutions set out at Item No. 10 of the accompanying Notice for your approval as Special Resolution.

Except, Mr. Vimal Parkash Jain and Pamila Jain and Mr. Amit Jain (being relatives of Mr. Vimal Parkash Jain), none of the other Directors, Key Managerial Personnel and their relatives

are concerned or interested, financially or otherwise, in this resolution except to the extent their shareholding.

ITEM NO. 11

Ms. Pamila Jain (DIN: 01063136), Wholetime Director of the company is currently drawing remuneration of ₹2,50,000 (Rupees Two Lakh Fifty Thousand Only) per month. After taking into consideration her efforts and value addition into the company, on the recommendation of Nomination and Remuneration Committee, Board of Directors recommended to increase the remuneration of Ms. Pamila Jain from ₹2,50,000 per month to ₹8,00,000 per month for three years subject to approval of shareholders.

Therefore the Board recommends the resolutions set out at Item No. 11 of the accompanying Notice for your approval as Special Resolution.

Except, Ms. Pamila Jain and Mr. Vimal Parkash Jain and Mr. Amit Jain (being relatives of Ms. Pamila Jain), none of the other Directors, Key Managerial Personnel and their relatives are concerned or interested, financially or otherwise, in this resolution except to the extent their shareholding.

ITEM NO. 12

The Board on the recommendation of Nomination and remuneration committee has approved the Remuneration of ₹5,00,000 per month for three years to be payable to Mr. Bhavik Jain.

The annual increments which will be effective 1st April each year, will be decided by the Board based on the recommendations of the Nomination and Remuneration Committee and will be performance-based and take into account the Company's performance as well, within the said maximum amount.

Notwithstanding anything to the contrary herein contained, where in any financial year during the tenure of the Mr. Bhavik Jain, the Company has no profits or its profits are inadequate, the Company will pay subject to such further approvals as may be required.

The Board recommends the resolutions set out at Item No. 12 of the accompanying Notice for your approval as Special Resolution.

Except, Ms. Pamila Jain, Mr. Vimal Parkash Jain and Mr. Amit Jain (being relatives of Mr. Bhavik Jain), none of the other Directors, Key Managerial Personnel and their relatives are concerned or interested, financially or otherwise, in this resolution except to the extent their shareholding.

Management Discussion And Analysis Report

BACKGROUND

Our Company was originally incorporated as "Atam Valves Private Limited" on September, 30th, 1985 under the provisions of the Companies Act, 1956 vide Certificate of Incorporation issued by the Registrar of Companies, Punjab & Chandigarh. Later on, the company got converted into public limited company and the name of the company was changed to – "Atam Valves Limited" and fresh Certificate of Incorporation dated November 24th, 2017 was issued by the Registrar of the Companies, Punjab & Chandigarh.

Atam Valves Limited is one of the leading manufacturers of Valves, Cocks & Boiler Mountings in India. We are also an ISO 9001: 2008, ISO 14001: 2004, and CE Monogram and PED approved company & winner of National Award 2006 for quality and National Award 2009 for entrepreneurship Govt. of India.

Ever since inception in 1972, our brand names ATAM & FEBI emerged as formidable names in Bronze, Brass, Cast Iron, Cast Steel, Forged Steel, S.S. Valves & cocks, conforming to various National & International standards. We are pioneers in developing Ball Valves in India and enjoy a strong Brand image. ATAM VALVES are suitable for industrial and domestic applications as well as for controlling a wide variety of service fluids, Oil & steam, within various pressure & temperature ranges. "ATAM" products are approved by various quality institutions including bureau of Indian Standards. Indian Boiler Regulations and enjoy an active patronage of numerous Government and eminent Industrial houses in India & International Market.

ECONOMY OVERVIEW

Global Economy

The global economy is facing a slowdown in 2023, after a modest recovery in 2022 from the pandemic-induced recession. The main factors that are weighing on the global growth prospects are:

- The ongoing war between Russia and Ukraine, which has disrupted the energy supply and trade in Europe and beyond. The conflict has also increased geopolitical tensions and uncertainty, affecting business confidence and investment.

- The inflationary pressures that have emerged from the surge in commodity prices, especially oil and gas, as well as the supply chain bottlenecks and labor shortages that have hampered production and distribution across various sectors.
- The policy tightening by some major central banks, such as the US Federal Reserve and the European Central Bank, which have started to raise interest rates and reduce their asset purchases in response to the rising inflation and growth expectations. This has led to higher borrowing costs and lower liquidity for businesses and consumers, especially in emerging markets that are more vulnerable to capital outflows and currency depreciation.
- The uneven vaccination progress and the emergence of new variants of the coronavirus, which have posed challenges for the public health and economic recovery in some regions, such as Africa and Latin America. The pandemic has also exacerbated social inequalities and poverty, as well as environmental issues.

The global economy is expected to grow by around 2% in 2023, down from 3.1% in 2022. The growth rate is below the pre-pandemic average of 3.5% and reflects the divergent performance of different regions and countries. Some of the highlights are:

- China is expected to lead the global growth with a rate of 5.5% in 2023, as it reopens its economy after a prolonged period of lockdowns and zero-covid policies. China's growth will be supported by its strong domestic demand, infrastructure spending, and export competitiveness.
- India is expected to grow by 7.8% in 2023, rebounding from a contraction of 7.3% in 2020. India's growth will be driven by its large population, favorable demographics, low interest rates, fiscal stimulus, and structural reforms.
- The US is expected to grow by 1.8% in 2023, slowing down from 5.6% in 2022. The US growth will be constrained by the fading effects of the fiscal stimulus, the monetary policy tightening, the supply chain disruptions, and the labor market challenges.
- The euro zone is expected to grow by 1.4% in 2023, decelerating from 4.6% in 2022. The euro zone growth will be hindered by the energy crisis, the political uncertainty, the fiscal consolidation, and the structural weaknesses.

- Japan is expected to grow by 0.8% in 2023, moderating from 2.7% in 2022. Japan's growth will be limited by its aging population, low productivity, high debt, and deflationary pressures.

The global economic outlook for 2023 is subject to significant risks and uncertainties, both on the upside and downside. Some of the potential scenarios that could affect the global economy are:

- A faster resolution of the Russia-Ukraine war, which could ease the energy supply constraints and improve the geopolitical stability.
- A stronger coordination of fiscal and monetary policies among major economies, which could boost the global demand and confidence.
- A further escalation of the Russia-Ukraine war, which could trigger a wider military conflict and a global oil shock.
- A sharper than expected tightening of monetary policies by major central banks, which could cause a financial market turmoil and a credit crunch.

Indian Economy

The Indian economy is expected to grow by 7% in FY 2023, recovering from a contraction of 7.3% in FY 2021 due to the impact of the covid-19 pandemic. The growth is supported by the easing of lockdowns, the acceleration of vaccination, the improvement of consumer and business confidence, and the stimulus measures by the government and the central bank.

The main sectors that are contributing to the growth are agriculture, industry, and services. Agriculture is estimated to grow by 3.9%, benefiting from a good monsoon and higher rural demand. Industry is estimated to grow by 9.6%, driven by manufacturing, construction, and mining, which have witnessed a revival of domestic and external demand. Services are estimated to grow by 8.4%, led by contact-intensive sectors such as trade, hotels, transport, and financial services, which have recovered as the pandemic situation improved.

The main challenges that the economy faces are inflation, fiscal deficit, external sector volatility, and structural reforms. Inflation has remained above the target range of 2-6% due to the rise in food and fuel prices. The central bank has raised its policy rate by 50 basis points to contain inflationary pressures. The fiscal deficit has widened to 6.8% of GDP due to lower revenue collection and higher expenditure on health, social welfare, and infrastructure. The external sector has been resilient with a current account surplus and high foreign exchange reserves, but faces risks from global uncertainties, currency appreciation, and trade deficit. The economy needs to undertake more structural reforms to enhance its productivity, competitiveness, and inclusiveness.

INDUSTRY REVIEW

Global Valve Industry

The global valve industry is a part of many sectors that use valves to control the flow and pressure of fluids. The industry is expected to grow at a rate of 5% to 7% from 2022 to 2028, driven by the demand from power and chemical industries, the need for desalination activities, and the adoption of advanced technologies. The industry faces some challenges such as the stagnant growth in developed countries, the high cost of installation and maintenance, and the diverse regional policies and certifications.

The industry can be segmented by type, material, component, function, application, and geography. The most popular types of valves are ball valves and check valves. The most common material for valves is steel. The main components of valves are actuator, positioner, and valve body. The main functions of valves are isolation, regulation, safety relief valve, special purpose, and non-return. The largest application segments for valves are oil & gas, energy & power, and water & wastewater treatment. The dominant geographical region for valves is Asia-Pacific.

The global valve market can also be segmented by geography into North America, Europe, Asia-Pacific, Latin America, and Middle East & Africa. Asia-Pacific is expected to dominate the global valve market during the forecast period due to the rapid industrialization and urbanization in countries such as China, India, Japan, and South Korea. North America and Europe are also expected to have significant shares in the global valve market due to their established industries and advanced technologies. The industry is highly competitive and fragmented with many players operating at regional and global levels.

Indian Valve Industry

The valve industry in India is a vital part of the engineering sector, as valves are used to control the flow of fluids and gases in various industrial applications. Valves are essential components in sectors such as oil and gas, power generation, petrochemicals, fertilizers, water and wastewater management, and others. According to various reports, the Indian valve market size is projected to reach \$3 billion by 2023, growing at a compound annual growth rate of over 9% from 2017 to 2023. The report attributes this growth to the increasing demand for flow control equipment, the expansion of pipeline infrastructure for natural gas distribution, and the government initiatives to boost the manufacturing sector under the Make in India campaign.

The Indian valve industry is also becoming more competitive in the global market, as it offers cost-effective and quality products to meet the diverse needs of customers. According to various reports, India is the second-largest exporter of valves in Asia-Pacific, after China, and accounts for about 5% of the global valve exports. The reports state that the

Indian valve industry has a complete portfolio of products, ranging from conventional valves to smart valves, which are integrated with sensors and actuators to provide real-time feedback and control. The reports also identifies some of the key challenges faced by the Indian valve industry, such as lack of standardization, skilled manpower shortage, and environmental regulations.

The Indian valve industry is expected to witness further growth opportunities in the coming years, as the country plans to invest heavily in sectors such as renewable energy, urban development, smart cities, and industrial corridors. The Indian Valve and Actuator Manufacturers Association (IVAMA) is an industry body that aims to promote the ecosystem of the valve industry and bring global business to India. The association provides various services to its members, such as training, technical expertise, networking opportunities, and market intelligence. The association also organizes technology meets and exhibitions to showcase the latest developments and innovations in the valve sector.

To conclude, the valve industry in India is an important and growing segment of the engineering sector, which contributes significantly to the Indian economy. The industry has a strong potential to become a global leader in valve manufacturing and exports, by leveraging its strengths and overcoming its challenges. The industry also plays a key role in supporting other sectors that require efficient and reliable flow control solutions.

BUSINESS STRATEGY

In response to the dynamic landscape of the valve industry and our commitment to innovation and sustainability, Atam Valves Limited has developed a strategic roadmap to drive our growth and solidify our leadership position. Our strategy revolves around three key pillars: Innovation, Sustainability, and Customer-Centricity.

Innovation: We recognize that innovation is the lifeblood of our industry. We are dedicated to staying at the forefront of valve technology, investing in research and development to create cutting-edge solutions that meet the evolving needs of our clients. By continuously improving the design, materials, and functionalities of our Valves, Cocks & Boiler Mountings, we aim to enhance performance, reliability, and safety for our customers.

Sustainability: At Atam Valves Limited, we are fully aligned with the imperative to 'Go Green.' Our commitment to environmental stewardship drives us to integrate eco-friendly practices throughout our operations. From responsible sourcing of materials to the reduction of waste and energy consumption in our manufacturing processes, we are focused on minimizing our environmental footprint. By offering Valves, Cocks & Boiler Mountings manufactured with sustainable materials and processes, we aim to provide environmentally

conscious solutions that resonate with both customers and regulators.

Customer-Centricity: Our customers are at the heart of everything we do. We are dedicated to understanding their unique challenges and providing tailored valve solutions that address their specific needs. Building strong and enduring relationships with our clients is a cornerstone of our strategy. We will achieve this by offering excellent customer service, prompt responsiveness, and a comprehensive understanding of their industries and operational requirements.

By executing this strategy, we are poised to achieve sustainable growth, increased market share, and enhanced brand reputation. We will continually assess our performance against these strategic pillars, making adjustments as necessary to adapt to changing market dynamics and emerging industry trends. Atam Valves Limited is committed to being a catalyst for positive change within the valve industry, a leader in innovation, and a partner in our customers' success.

OPERATIONS

In the highly competitive and intricate landscape of the valve industry, Atam Valves Limited maintains a steadfast commitment to operational excellence, innovation, and customer satisfaction. Our operations are geared towards delivering high-quality valve solutions that meet the demanding requirements of diverse sectors including oil and gas, petrochemicals, power generation, water treatment, and more.

Design and Engineering Expertise: At Atam Valves Limited, our operations commence with a meticulous design and engineering phase. Our experienced teams collaborate closely to conceptualize and develop valve solutions that optimize performance, reliability, and safety. By utilizing advanced software and simulation tools, we ensure that our products are tailored to the unique operational environments of our clients.

Advanced Manufacturing: Leveraging state-of-the-art manufacturing facilities, we bring our designs to life. Our production processes adhere to rigorous quality standards and utilize cutting-edge technologies, resulting in our products that are not only compliant with industry regulations but also exceed performance expectations. The integration of automation and precision machining enhances the consistency and efficiency of our operations.

Quality Assurance: The integrity of our products is paramount. Rigorous quality control protocols are implemented at every stage of manufacturing, ensuring that each valve leaving our facilities is subject to comprehensive testing and inspection. This commitment to quality extends beyond product delivery, as we offer ongoing support to our clients, guaranteeing the continued performance of our products in the field.

Supply Chain Excellence: Our operations are intricately linked to a global network of suppliers who share our dedication to quality and reliability. We maintain transparent relationships with our partners to ensure the timely delivery of raw materials and components. By fostering collaboration and adherence to ethical and sustainable practices, we uphold the integrity of our supply chain.

Environmental Responsibility: Atam Valves Limited acknowledges its role in contributing to environmental sustainability. In our operations, we are vigilant about minimizing waste, reducing energy consumption, and adopting eco-friendly practices wherever feasible. We are committed to providing valve solutions that not only enhance industrial processes but also align with our eco-conscious values.

Looking Ahead: As we navigate the evolving trends in the valve industry, Atam Valves Limited remains agile and adaptable. We are excited to announce that we are entering the market of bathware products, which is a fast-growing and lucrative segment in the home improvement industry. Bathware products include sanitary ware, faucets, showers, bathtubs, and accessories that enhance the aesthetics and functionality of bathrooms. We believe that our strong brand image, and our wide distribution network will give us a competitive edge in this segment. We have allocated a capex for setting up a state-of-the-art manufacturing facility for bathware products. We expect to launch our bathware products by the end of 2023-24, and capture a significant market share in the next few years. Bathware market cap is currently 67,000 cr. We are confident that our entry into the bathware segment will create value for our shareholders, customers, and stakeholders.

OPPORTUNITIES AND THREATS

The valve industry operates within a dynamic environment characterized by evolving technological trends, market shifts, and regulatory changes. As a key player in this industry, Atam Valves Limited is positioned to capitalize on various opportunities while proactively addressing potential threats.

Opportunities

- The global industrial valves market is expected to grow at a CAGR of more than 5% from 2023 to 2028, driven by the growing demand from the power and chemical industries, as well as the increase in demand for desalination activity.
- The Asia-Pacific region is expected to dominate the market and witness the highest growth rate, owing to the rapid industrialization, urbanization, and infrastructure development in countries like China, India, Japan, and South Korea.
- The adoption of valves in the 1" to 6" size range is increasing, as they offer less turbulence to the flow and ensure lower pressure drops. These valves are suitable for

various critical and severe service applications in multiple industries, such as oil & gas, energy & power, water & wastewater treatment, chemical, food & beverage, and pulp & paper.

- The emergence of new technologies, such as smart valves, digital valve positioners, and wireless valve monitoring systems, is creating new opportunities for the valve industry. These technologies can enhance the performance, efficiency, reliability, and safety of valves and reduce operational costs.

Threats

- The industrial valve market faces stiff competition from local and regional players, who offer low-cost products with similar or better quality. This may erode the market share and profitability of the established players.
- The malfunctioning or failure of valves and other products can result in unplanned downtime or shutdown of a plant, which can have enormous consequences for the facility, such as loss in production, heightened repair costs, related labor costs, and wastage of raw materials. Therefore, the valve industry needs to ensure high-quality standards and regular maintenance of its products.
- The industrial valve market is subject to various environmental and safety regulations, which may vary across different regions and countries. These regulations may impose additional costs and challenges for the valve industry to comply with them.
- Rapid technological changes can render existing products obsolete or require significant investments to keep up. Staying informed and adaptable to emerging technologies is essential.

In response to these opportunities and threats, Atam Valves Limited maintains a proactive approach. We are committed to staying abreast of industry developments, investing in research and development, and fostering strong relationships with clients and partners. By continuously monitoring the market landscape and leveraging our strengths, we are well-positioned to navigate challenges and seize opportunities, ensuring the sustained growth and success of Atam Valves Limited within the dynamic industry.

RISKS AND CONCERNS THAT THE MANAGEMENT PERCEIVES

In the context of our industry, Atam Valves Limited acknowledges a set of potential risks and concerns that require vigilant management. Market volatility and demand fluctuations pose challenges due to economic cycles and geopolitical tensions, impacting project timelines and investments.

The valve industry is also affected by the fluctuations in the oil and gas market, which is a major consumer of valves. The

decline in oil prices in 2014 and 2020 has reduced the investments and activities in the upstream, midstream, and downstream sectors, leading to lower demand for valves. The industry needs to cope with the volatility of the oil and gas market by exploring new opportunities in other segments, such as power, water, and chemical.

Another risk factor for the valve industry is the increasing competition from low-cost manufacturers, especially from China. These manufacturers can offer cheaper products with comparable quality and performance, posing a threat to the established players in the market. The industry needs to differentiate itself by focusing on innovation, quality, reliability, and customer service.

The valve industry also faces regulatory and environmental pressures from various governments and agencies. The industry needs to comply with the standards and specifications for valve design, manufacturing, testing, and operation, as well as the requirements for local content, energy efficiency, and emissions reduction. The industry needs to invest in research and development, as well as adopt best practices to meet these challenges.

In response, Atam Valves Limited maintains a proactive risk management approach, emphasizing rigorous assessment, innovation, and a commitment to quality to navigate these challenges while pursuing sustained growth and industry leadership.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL EFFICIENCY

The Revenue from Operations of the company for the year ended March 31, 2023 were Rs. 4900.89 Lakhs as compared to Rs. 2033.06 Lakhs in the previous year. The company has achieved a commendable profit of Rs. 766.76 lakhs during the year, reflecting its operational efficiency and competitiveness in the valves, cocks and boiler mountings industry. The Company on a continuous basis sets up policies to exercise cost control and cost reduction programme. The company has maintained its quality standards and customer satisfaction by producing and supplying various types of valves and cocks for different applications and industries. The company has also invested in upgrading its machinery, technology, and infrastructure to enhance its production capacity and reduce its operational costs. The company has also adhered to the safety and environmental regulations and norms while manufacturing its products. The company is confident of sustaining its growth momentum and profitability in the future by leveraging its expertise, experience, and innovation in the valves, cocks and boiler mountings industry.

KEY FINANCIAL RATIOS

As per the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, the key financial ratios are given below:-

Sr. No	PARTICULAR	Current year	Last Year	Change (IN%)	Explanation for significant change in Accounting Ratios
1.	Debtors Turnover Ratio(In times)	3.89	4.04	(3.89)	NA
2.	Inventory Turnover(In times)	4.08	2.18	87.06	There is substantial increase in revenue as compared to previous year leading to quick movement in inventory and working capital which has resulted into improvement in Inventory turnover Ratio.
3.	Interest Coverage Ratio	28.04	7.43	277	There is substantial increase in revenue as compared to previous year whereas indirect and fixed expenses have not increased in that proportion resulting into higher profits which further resulting in to improvement in the Interest Coverage Ratio.
4.	Current Ratio(In times)	2.88	2.43	18.80	NA
5.	Debt Equity Ratio(In times)	0.27	0.50	(47.08)	There is substantial increase in revenue as compared to previous year whereas indirect and fixed expenses have not increased in that proportion resulting into higher profits which further resulting in to improvement in Debt equity ratio.
6.	Operating Profit Margin	20.80	10.96	90	There is substantial increase in revenue as compared to previous year whereas indirect and fixed expenses have not increased in that proportion resulting into higher profits which further resulting in to improvement in the Operating Margin Ratio.
7.	Net Profit Margin(In %)	15.57	6.69	132.75	There is substantial increase in revenue as compared to previous year whereas indirect and fixed expenses have not increased in that proportion resulting into higher profits which further resulting in to improvement in Net profit Ratio.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS

The total employee's strength of the Company was 196 as on 31st March, 2023., who are the backbone of success and growth of the Company. The company has fostered a culture of mutual respect, teamwork, and innovation among its workforce, and has provided them with adequate training, development, and welfare opportunities. The company has also maintained cordial and harmonious industrial relations with its employees and their representatives, and has ensured compliance with all the applicable labour laws and regulations. The company values its human capital as its most precious asset, and strives to create a conducive and rewarding work environment for them.

OUTLOOK

With the "New Normal" being set, we expect a challenging future ahead. Though we may have to face and manage challenges in the short term over the next few months, we

foresee a Silver lining ahead. Further with the amplified focus on "Aatma Nirbhar Bharat", we foresee an increased shift towards Domestic Production and Sales. This will definitely help in effectively utilizing our plant capacities to the optimum and also help in planning for future growth and investments.

AIM

Atam's aim is to give long term commitment to their customers by supplying best quality products. To serve the nation by giving more employment and by increasing production continuously. To earn more foreign exchange for the country by exploring more export markets.

Independent Auditor's Report

To the Members of Atam Valves Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Atam Valves Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key Audit Matters are those matters that in our professional judgment were of most significance in our audit of the

Financial Statements for the year ended March 31, 2023. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Director's Report including annexures to the Director's Report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of the financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of

the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based

on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance sheet, the statement of profit and loss including other comprehensive income, statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 34 to the financial statements.
 - ii. The company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded

in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (iii) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

- v. The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

- 3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

Annexure -A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:

- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us, the Property, Plant and Equipment were physically verified by the management during the year. According to the information and explanations given to us, no discrepancies were noticed on such verification.
- (c) According to information and explanations given to us and on the basis of our examination of the records of the company, the company has not purchased any immovable property during the year and in preceding years. Therefore reporting under clause (i)(c) of the Order is not applicable.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) Based on the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

- ii. (a) According to the information and explanations given to us, the inventories have been physically verified by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory have been noticed on physical verification of inventories when compared with books of account.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 Crore, in aggregate, during the year, from banks on the basis of security of current assets. There are certain differences in value of assets as filed with banks vis-a-vis books of accounts. The summary of reconciliation and reasons of material discrepancies in this regard is as under:

(Amount ₹ in Lakhs)

Quarter ending	Name of the Bank	Particulars of security provided	Amount as per books of accounts	Amount as reported in the quarterly statement	Amount of difference	Reason for major difference
30 th June, 2022	HDFC Bank Ltd	Inventories	1,214.69	675.00	539.69	Refer note 1 below
	HDFC Bank Ltd	Trade receivables (before loss allowance)	628.56	886.32	-257.76	Refer note 2 below
30 th Sept, 2022	HDFC Bank Ltd	Inventories	1,162.57	600.00	562.57	Refer note 1 below

31 st Dec, 2022	HDFC Bank Ltd	Inventories	1,519.22	1,290.00	229.22	Refer note 1 below
	HDFC Bank Ltd	Trade receivables (before loss allowance)	836.16	1,097.13	-260.97	Refer note 2 below
31 st March, 2023	HDFC Bank Ltd	Inventories	1,386.62	1,450.00	-63.38	Refer note 3 below
	HDFC Bank Ltd	Trade receivables (before loss allowance)	2,050.84	2,113.89	-63.05	Refer note 3 below

Notes:

1. As explained to us, the amount of inventory submitted to bank is on lower side as the same has been submitted considering the requirement for drawing power instead of actual inventory.

2. As explained to us, the balance of trade receivables submitted to bank includes amount recoverable by head office at Jalandhar from Ahmedabad branch against supply of goods whereas the same has not been included in the figure as per books of account. Further, the amount of trade receivables of Ahmedabad branch is not included in the statement submitted to bank whereas the same has been included in the figure as per books of account.
3. As explained to us, the difference is not material and is on account of the amounts submitted to bank were on provisional basis.
 - iii. According to the information and explanations given to us, we report that the Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Therefore reporting under clause 3(iii) of the Order is not applicable.
 - iv. The Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans during the year. Therefore reporting under clause 3(iv) of the Order is not applicable.
 - v. According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Act and the Rules framed thereunder.
 - vi. According to the information and explanations given to us, the company is not required to maintain cost records under section 148 of the Act.
 - vii. In respect of statutory dues:
 - (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other applicable statutory dues as at March 31, 2023 for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us and the records of the Company examined by us, the details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of disputes are given below:

(Amount ₹ in Lakhs)

Name of Statute	Nature of Dues	Amount unpaid	Period to which the amount relates	Forum where the dispute is pending
Central Excise Act, 1944	Excise Duty	2.71	F.Y. 2013-14	Deputy Commissioner, Jalandhar

- viii.  - (b) According to the information and explanations given to us, the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - (c) According to the information and explanations given to us, the term loan has been applied for the purpose for which loans were obtained.
 - (d) Based on our overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - (e) According to the information and explanations given to us, there is no subsidiary, associate or joint venture of the company. Therefore reporting under clause 3(ix)(e) of the Order is not applicable.

- (f) According to the information and explanations given to us, there is no subsidiary, associate or joint venture of the company. Therefore reporting under clause 3(ix)(f) of the Order is not applicable.
- x. (a) According to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under clause 3 (x)(a) of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible) during the year. However, the Company has made private placement of share warrants convertible into same number of equity shares on preferential basis and the requirements of section 42 and section 62 of the Companies Act, 2013, as applicable, have been complied with and the funds raised have been used for the purposes for which the funds were raised.
- xi. (a) According to the information and explanations given to us and based on our examination of records, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) The company has not received any whistle blower complaint during the year.
- xii. According to the information and explanation given to us, the Company is not a Nidhi Company. Accordingly, reporting under clause 3(xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us and based on our examination of records, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. According to information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them.
- xvi. (a) Based on the information and explanations given to us, in our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.
- (b) Based on information and explanation given to us, the company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) Based on information and explanation given to us, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, and accordingly reporting under clause 3(xvi)(c) of the Order is not applicable.
- (d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The company has not incurred cash losses in the financial year covered by our audit and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet

as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. In our opinion and according to the information and explanations given to us, the provision of sub section (5) of section 135 of the Act is not applicable to the Company. Therefore reporting under clause 3(xx) of the Order is not applicable.

Annexure – “B” TO THE INDEPENDENT AUDITORS REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial control over financial reporting of Atam Valves Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of financial statements of company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2023

Note 1 Corporate Information

Atam Valves Limited (hereinafter referred to as "the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956 and has its registered office at 1051, Industrial Area, Jalandhar, Punjab. The Company is listed on SME platform of Bombay Stock Exchange (BSE) and has initiated the process of migration of Equity Shares of the Company to Main Board Platform of Bombay Stock Exchange Limited (BSE) and simultaneously to the Main Board Platform of National Stock Exchange of India Limited (NSE) during the current year. The Company is engaged in the business of manufacturing of Valves and fittings, steam traps and strainers.

The financial statements were approved and authorized for issue by the Company's Board of Directors in the meeting held on May 11, 2023.

Note 2 Statement of Compliance with Ind AS and Basis of preparation and measurement

I. Statement of Compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as "Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The financial statements up to year ended March 31, 2022 were prepared in accordance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 as amended (hereinafter referred to as "Previous GAAP") and other relevant provisions of the Act. These financial statements are the first financial statements of the Company under Ind AS. The date of transition to Ind AS is April 1, 2021.

Refer note 51 for the details of first-time adoption exemptions availed by the Company and an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

II. Basis of Preparation and Measurement

(i) The financial statements have been prepared on historical cost convention on accrual basis except for

certain financial instruments (including derivative instruments) which are measured at fair value at the end of each reporting period as required under Ind AS.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
 - Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
 - Level 3 inputs are unobservable inputs for the asset or liability.
- (ii) Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.
- (iii) The functional and presentation currency of the Company is Indian rupees (₹) and all values are rounded to the nearest lakhs and two decimals thereof, unless otherwise stated.

Notes to the Financial Statements for the year ended March 31, 2023

Note 3 Significant Accounting Policies, Significant Accounting Estimates, Judgements and Assumptions and Applicability of New and Revised Ind AS

I. Significant Accounting Policies

A. Revenue Recognition

(i) Sale of goods

Revenue from sale of goods is recognised as and when the company satisfies performance obligation by transfer of control of goods.

Generally control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the company has not retained any significant risk of ownership or future obligations with respect to the goods shipped.

Revenue is measured at the amount of consideration which the company expects to be entitled in exchange for transferring promised goods to a customer as specified in the contract, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Consideration is generally due upon satisfaction of performance obligation and receivable is recognized when it becomes unconditional and only passage of time is required before the payment is due. No element of financing is deemed present as the sales are made with the short term credit period generally consistent with market practices.

If the Company receives consideration before transfer of goods to the customer, such amount is presented as a contract liability. The company does not adjust such liability for the effects of significant financing component if it is expected that the promised goods will be transferred to the customer within a period of one year. Contract liabilities are recognised as revenue when the Company satisfies performance obligation as per the contract.

(ii) Interest Income

Interest Income from financial assets is recognized when it is probable that economic benefits will flow to the company and amount of income can be measured reliably. Interest income is accrued on time basis, by reference to principal outstanding and at effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of financial asset to that asset's net carrying amount on initial recognition.

(iii) Insurance and other claims

Insurance and other claims are recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

(iv) Other Income

Other income is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

B. Employee Benefits

(i) Short term Employee Benefits:

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. The amount of short term employee benefits are recognized as an expense on an undiscounted basis in the statement of profit and loss of the year in which the related service is rendered.

(ii) Post-Employment benefit plans

(a) Defined Contribution Plan:

Provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

(b) Defined Benefit Plan:

Gratuity

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liability with regard to the defined benefit plan is determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method.

The Company recognizes the obligation of the defined benefit plan in its balance sheet as a liability. Re-measurements comprising of actuarial gains and losses, and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised in Other Comprehensive Income which are not reclassified to profit or loss in subsequent periods. All other expenses related to defined benefit plan are recognised in employee benefits expense in the Statement of profit and loss.

Notes to the Financial Statements for the year ended March 31, 2023

C. Property, plant and equipment

Property, plant and equipment are stated at cost or deemed cost applied on transition to Ind AS, less accumulated depreciation and impairment loss, if any. The cost directly attributable to acquisition are capitalised until the property plant and equipment are ready for use as intended by the management.

The cost of an item of Property, plant and equipment comprises of: (i) Purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates. (ii) Any expenditure directly attributable for bringing an asset to the location and the working condition for its intended use and (iii) The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the statement of profit and loss when incurred.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Property, plant and equipment which are not ready for intended use at each balance sheet date are disclosed as "Capital work-in-progress" and advances paid towards the acquisition of Property, plant and equipment outstanding at each balance sheet date are classified as Capital advances under "Other non-current assets".

On transition to Ind AS, the Company has elected to continue with the carrying value of its property, plant and equipment recognised as at April 1, 2021 (transition date) measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The cost/deemed cost and the related accumulated depreciation are eliminated from the financial statements upon disposal or retirement of the asset and any gain or loss arising thereon is determined as the difference between sale proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

D. Intangible Assets

Intangible assets are stated at cost or deemed cost applied on transition to Ind AS, less accumulated amortization and impairment, if any. The cost of intangible asset comprises of its purchase price, net of recoverable taxes and any directly attributable cost of preparing the asset for its intended use.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in statement of profit and loss as and when incurred.

On transition to Ind AS, the Company has elected to continue with the carrying value of its intangible assets recognised as at April 1, 2021 (transition date) measured as per the previous GAAP and use that carrying value as deemed cost of intangible assets.

An intangible asset is derecognised upon disposal or retirement of the asset. The cost/deemed cost and the related accumulated amortization are eliminated from the financial statements upon disposal or retirement of the asset and resultant gains or losses are recognized in the statement of Profit and Loss when the asset is derecognized.

E. Depreciation and amortization

Depreciation is provided on Property, plant and equipment on written down value method on the basis of useful lives of such assets specified in Schedule II to the Act.

Depreciation method, useful lives and residual values are reviewed periodically, including at each financial year end with the effect of any changes in estimate accounted for on a prospective basis.

Amortization

Intangible assets are amortized on straight line method over the estimated useful life. The amortization method, useful life and residual value are reviewed at each financial year end. The estimated useful life is based on number of factors including effect of obsolescence and other economic factors and is as under:

Assets description	Useful Life
Computer Software	5 Years

F. Inventories

Inventories are valued at cost or net realizable value, whichever is lower except production waste/scrap which is valued at net realizable value. The raw materials and other supplies held for use in the production are valued at net realisable value only if the finished products in which they are to be incorporated are expected to be sold below cost.

Notes to the Financial Statements for the year ended March 31, 2023

Net Realisable Value is the estimated selling price in ordinary course of business less estimated cost necessary to make the sales.

G. Borrowing Costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets i.e. the assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

H. Earnings per Share

Basic earnings per share are computed by dividing the profit for the period attributable to the equity shareholders of the company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares, if any.

I. Income Taxes

Income tax expense comprises current tax and deferred tax.

Current tax is the tax payable/receivable on the taxable profit/loss for the year using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to income tax is included in other income.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax is recognised in respect of temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at the reporting date using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred tax assets and liabilities

is recognized as income or expense in the period that includes the enactment or the substantive enactment date

A deferred tax asset is recognized to the extent, it is probable that future taxable profit will be available against where the deductible temporary differences and tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Income tax expense is recognised in statement of Profit and Loss except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, as the case may be.

J. Government Grants

Government grants are not recognized until there is reasonable assurance that all attached conditions will be complied with and the grant will be received.

When the grants relates to an expense item, it is recognised in the Statement of profit and loss by way of reduction from the related cost, which the grants are intended to compensate, except where the related expense is not directly identifiable. In such cases, the grant is presented in the 'Other Income'.

Government grants that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving financial support to the Company with no related costs is recognised in the Statement of profit or loss of the period in which it becomes receivable under 'Other operating income'/'Other income' based on the nature of grant.

Government grants relating to the purchase of property, plant and equipment are deducted from its gross value and are recognised in profit or loss on a systematic over the expected useful lives of the related assets by way of reduced depreciation.

Notes to the Financial Statements for the year ended March 31, 2023

K. Foreign Currency translations

Transactions in foreign currency are initially recorded in the functional currency i.e. Indian Rupees using the exchange rate prevailing at the date of transactions.

Monetary items denominated in foreign currency are reported using the exchange rate prevailing at the end of reporting period. The exchange difference arising on the settlement or reporting of monetary items at rates different from rates at which these were initially recorded / reported in previous financial statements, are recognised in the statement of profit and loss in the period in which it arise.

Non-monetary items denominated in foreign currency and measured at historical cost are recorded at the exchange rate prevalent at the date of transaction, Non-monetary items that are measured in term of historical cost in foreign currency are not reinstated.

L. Leases

Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases for which underlying asset is of low value. For these short-term and leases for which underlying asset is of low value, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the lessee's incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liabilities and Right of Use assets have been separately presented in the financial statements. Lease Payments and interest thereon have been classified as cash flows from financing activities in the Statement of Cash flows.

M. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial Recognition and measurement

The company recognises the financial assets and financial liabilities when it becomes party to the contractual provision of the instruments. All financial assets and liabilities are recognised at fair value on initial recognition except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition of financial assets and or issue of financial liabilities that are not recognized at fair value through profit or loss, are added to or reduced from the fair value of the financial assets or financial liabilities, as appropriate. Transaction cost directly attributable to the acquisition of financial assets and financial liabilities recognized at fair value through Profit or Loss are recognised immediately in the Statement of Profit and Loss.

Notes to the Financial Statements for the year ended March 31, 2023

Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

(ii) Subsequent measurement

For the purposes of subsequent measurement, financial instruments are classified as follows:

Non-derivative financial instruments

(a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income for such instruments is recognised in profit or loss using the effective interest rate (EIR) method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's gross carrying amount.

The carrying amounts of financial assets that are subsequently measured at amortised cost are determined based on the effective interest method less any impairment losses.

(b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income for such instruments is recognised in profit or loss using the effective interest rate (EIR) method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's gross carrying amount.

Fair value movements are recognised in the other comprehensive income (OCI) until the financial asset is derecognised. On de-recognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the profit or loss.

(c) Financial assets at fair value through profit or loss

A financial asset is subsequently measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. Such financial assets are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Dividend and interest income from such instruments is recognized in the statement of profit and loss, when the right to receive the payment is established.

Fair value changes on such assets are recognised in the statement of profit and loss.

(d) Financial liabilities

Financial liabilities are classified as at fair value through profit or loss when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

All other financial liabilities are subsequently measured at amortized cost using the effective interest method unless at initial recognition, they are classified as measured at fair value through profit and loss.

Financial liabilities carried at fair value through profit or loss, are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Interest expense for the financial liabilities subsequently measured at amortized cost is recognised in profit or loss using the effective interest rate (EIR) method.

(e) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received. Incremental costs directly attributable to the issuance of equity instruments and buy back of equity instruments are recognized as a deduction from equity, net of any tax effects.

(iii) De-recognition of financial instrument

- a) A financial asset (or, a part of a financial asset) is primarily derecognized when the contractual right to the cash flows from the financial asset expires, or the company transfers its right to receive cash flow from the financial assets and substantially all the risks and rewards of ownership of the asset to another party.

On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the

Notes to the Financial Statements for the year ended March 31, 2023

consideration received/receivable is recognised in the profit or loss.

- b) A financial liability (or a part of financial liability) is derecognized when obligation specified in the contract is discharged or cancelled or expires.

On de-recognition of a financial liability, the difference between the carrying amount of the financial liability de-recognised and the consideration paid/payable is recognised in profit or loss.

(iv) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

(v) Impairment of Financial Assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments).

For trade receivables or any contractual right to receive cash or another financial asset that result from transaction that are within the scope of Ind AS 115 and Ind AS 116, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

For other assets, the company uses 12 months ECL to provide for impairment loss where no significant increase in credit risk is. If there is significant increase in credit risk full lifetime ECL is used.

(vi) Write off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations

of recovering the financial asset in its entirety or a portion thereof.

N. Impairment of Non-financial assets

Property, plant and equipment, other intangible assets and other non-financial assets are tested for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

The assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however that the increased carrying amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years. The reversal of an impairment loss is recognised in the statement of profit and loss.

Impairment is reviewed periodically including at the end of each financial year.

O. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Notes to the Financial Statements for the year ended March 31, 2023

A contingent liability is not recognised in the financial statements, however, is disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote. If it becomes probable that an outflow of future economic benefits will be required for an item dealt with as a contingent liability, a provision is recognised in the financial statements of the period (except in the extremely rare circumstances where no reliable estimate can be made).

A contingent asset is not recognised in the financial statements, however, is disclosed, where an inflow of economic benefits is probable. When the realisation of income is virtually certain, then the asset is no longer a contingent asset, and is recognised as an asset.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

P. Dividends

Final dividends on equity shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the Company.

Q. Cash and cash equivalents

The Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand, demand deposits and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

R. Statement of Cash flows

The statement of cash flows is prepared in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows" using the indirect method for operating activities whereby profit for the period is adjusted for the effects of transaction of a non-cash nature, and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

II. Current – Non-Current Classification

All assets and liabilities have been classified as current and non-current on the basis of the following criteria:

Assets

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- it is held primarily for the purpose of being traded;

- it is expected to be realised within twelve months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or use to settle a liability for at least twelve months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterpart, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing/servicing and their realisation in cash or cash equivalents. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

III. Significant Accounting Estimates, Judgements and Assumptions

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) require management to make judgements, estimates and assumptions in the application of accounting policies that affect the reported amount of income, expenses, assets and liabilities and disclosure of contingent liabilities.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these

Notes to the Financial Statements for the year ended March 31, 2023

estimates. The estimates and underlying assumptions are reviewed on an ongoing basis and the effect of revision to accounting estimates is recognized prospectively from the period in which the estimate is revised.

Critical accounting estimates, Judgements and assumptions

i. Income taxes

Significant judgement is required in determination of provision for current tax and deferred tax e.g. determination of taxability of certain incomes and deductibility of certain expenses etc. The carrying amount of income tax assets/liabilities is reviewed at each reporting date. The factors used in estimates may differ from actual outcome which could lead to signification adjustment to the amounts reported in financial statements.

ii. Defined Benefit Plans

The cost of the defined benefit plan and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future, salary increases, mortality rates etc. Due to the complexities involved in the valuation and its long-term nature, the obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Inventories

Management has estimated the net realizable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realization of these inventories may be affected by market driven changes.

iv. Fair value measurement

Some of the company's assets and liabilities are measured at fair value for financial reporting process. In estimating the fair value of an asset or liability, the company uses market-observable data to the extent is available.

v. Provisions / Contingencies

Significant judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigations against the Company which involves judgements around estimating the ultimate outcome of such past events and measurement of the obligation amount etc. The Company assesses such claims and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary.

vi. Useful lives of property plant and equipment and Intangible assets

The estimated useful lives of property plant and equipment and intangible assets are based on a number of factors including the effects of obsolescence, internal assessment of user experience and other economic factors (such as the known technological advancements, commercial obsolescence of the asset etc.). The useful life of property plant and equipment and intangible assets is reviewed on an ongoing basis.

vii. Recoverable amount of property, plant and equipment

The recoverable amount of property plant and equipment is based on estimates and assumptions regarding the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

IV. Applicability of New and Revised Ind AS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

- i. Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements. The Company does not expect this amendment to have any significant impact on its financial statements.
- ii. Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.
- iii. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

Disclosures as per Ind AS 19 Employee Benefits

(a) Defined Contribution Plan

The employer contribution to Provident Fund is ₹ 19.75 Lakhs for the year ended March 31, 2023 (Previous Year ₹18.23 Lakhs). The contributions during the year have been recognized as expense under the head 'Contribution to Provident Fund and other funds' above.

(b) Defined Benefit Plan

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees and this is a non-funded plan. The Company accounts for the liability for gratuity benefits payable in the future based on actuarial valuation using projected unit credit method.

The defined benefit plans typically expose the Company to actuarial risks such as interest rate risk, longevity risk and salary risk.

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in value of the liability.

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plans liability.

Note 36 : Capital Management

(a) Risk Management

For the purposes of the Company's capital management, capital includes equity share capital, securities premium and all other reserves attributable to the equity shareholders. The primary objective of the Company's Capital Management is to maximize the return to shareholders and also maintain an optimal capital structure to reduce cost of capital.

The Company's policy is to maintain a strong capital base so as to maintain investors, creditors and market confidence and to sustain future development of the business.

The Company monitors capital using a ratio of 'Net debt' to 'Total Equity'. For this purpose, net debt is defined as total interest-bearing loans and borrowings less cash and cash equivalents. The Company's Net debt to equity ratio is as follows.

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Total Debt	665.78	537.85	455.80
Less: Cash and cash equivalents	6.58	3.42	1.32
Net Debt (A)	659.20	534.43	454.48
Total Equity (B)	2,499.30	1,068.57	969.15
Net debt to equity ratio (Gearing Ratio) (A/B)	0.26	0.50	0.47

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2023 and 31 March 2022.

The Company is not subject to any externally imposed capital requirements.

(b) Loan Covenants

In order to achieve overall objective of capital management, amongst other things, the management aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings. The management carefully negotiates the terms and conditions of the loans and ensures adherence to all the financial covenants. Breaches in meeting the financial covenants would permit the bank to call loans and borrowings or charge some penal interest. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing during the year ended March 31, 2023 and March 31, 2022.

(b) Fair Value Measurement

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured, subsequent to initial recognition, at fair value. The below is the fair value measurement hierarchy used by the Company to determine the fair value of financial instruments, grouped into Level 1 to Level 3. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices(unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Note 38 : FINANCIAL RISK MANAGEMENT

The Company's principal financial liabilities comprise borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company. The Company's principal financial asset comprise trade and other receivables, cash and bank balances that arise directly from its operations. These financial liabilities and assets are mainly exposed to market risk, credit risk and liquidity risk.

The monitoring and management of such risks is undertaken by the senior management of the Company. There are appropriate policies and procedures in place through which such financial risks are identified, measured and managed by the Company. The policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risk, such as equity price risk and commodity price risk. The above risks may affect the Company's income and expenses, or the value of its financial instruments. The Company's exposure to and management of these risks are explained below:

(a) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Notes to the Financial Statements for the year ended March 31, 2023

NOTE 51: First time adoption of Ind AS

These financial statements are the first financial statements that have been prepared in accordance with Ind AS together with the comparative period data as at and for the year ended March 31, 2022, as described in note 2 of the financial statements. The transition to Ind AS has been carried out in accordance with Ind AS 101–'First time adoption of Indian Accounting Standards' with April 1, 2021 as the transition date.

This note explains the exemptions availed by the company on first time adoption of Ind AS and the principal adjustments made by the Company in restating its Previous GAAP financial statements as at April 1, 2021 and financial statements as at and for the year ended March 31, 2022 in accordance with Ind AS 101.

(a) Exemptions as per Ind AS 101

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has, accordingly, applied following exemptions:

- The Company has elected to consider carrying amount of property, plant and equipments and intangible assets measured as per Previous GAAP as recognized in the financial statements as at the date of transition, as deemed cost at the date of transition.
- The Company has availed the exemption of fair value measurement of financial assets or liabilities at initial recognition and accordingly will apply fair value measurement of financial assets or liabilities at initial recognition prospectively to transactions entered into on or after April 1, 2021.
- The estimates at April 1, 2021 and at March 31, 2022 are consistent with those made for the same dates in accordance with Previous GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items under Previous GAAP did not require estimation:
 - Fair values of Financial Assets & Financial Liabilities
 - Impairment of financial assets based on expected credit loss model

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions as at April 1, 2021 and March 31, 2022.

(b) Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

Notes to reconciliations

- (a) Under Previous GAAP, Lease payments under a lease agreement identified as operating lease are recognised as expense in the statement of profit and loss on a systematic basis over the lease term. Under Ind AS, except certain cases, lessee needs to recognise a right-of use asset and a lease liability at the commencement of lease at the initial cost paid and present value of future lease payments at that date. Subsequently, the asset is amortized over lease period and the carrying amount of lease liability is increased to reflect interest on the lease liability and is reduced to reflect the lease payments made during the year. The effect of this change results in recognition of 'Right-of-use asset' amounting to ₹ 62.86 Lakhs with corresponding recognition of 'Lease liabilities' as at April 1, 2021. This has also resulted in increase in 'Finance cost' amounting to ₹ 4.23 Lakhs, increase in 'Depreciation and amortization expense' amounting to ₹ 7.16 Lakhs and decrease in 'Other expense' amounting to ₹ 9.60 Lakhs in the statement of profit and loss for the year ended March 31, 2022. Further, this has resulted in net decrease in 'Other equity' amounting to ₹ Nil and ₹ 1.78 Lakhs as at April 1, 2021 and March 31, 2022 respectively. The said adjustment has resulted in increase in 'Cash used in financing activities' for the year ended March 31, 2022 by ₹ 9.60 Lakhs with corresponding impact in 'Cash from operating activities'.
- (b) As per Ind AS 109, the Company is required to apply expected credit loss model for recognising the allowance for doubtful debts. As a result, the Company has provided allowance for doubtful debts in respect of 'Trade receivables' amounting to ₹ 38.52 Lakhs and ₹ 42.94 Lakhs as at April 1, 2021 and March 31, 2022 respectively. This has resulted in increase in 'Other expenses' amounting to ₹ 4.42 Lakhs for the year ended March 31, 2022. This has further resulted in decrease in 'Other equity' amounting to ₹ 38.52 Lakhs and ₹ 42.94 Lakhs as at April 1, 2021 and March 31, 2022 respectively. This has no effect on 'Statement of cash flows' of the Company.
- (c) Under Previous GAAP, gains and losses on remeasurement and return on plan assets, excluding amounts included in the net interest expense of post employment defined benefit plans are recognised in profit and loss. Under Ind AS, there are recognised in 'Other comprehensive income'. Consequently, the tax effect of the same is also recognised in other comprehensive income. The effect of this change has resulted in increase in 'Employee benefits expenses' by ₹ 5.63 Lakhs in the Statement of profit and loss for the year ended March 31, 2022 with corresponding increase in other comprehensive income for the year ended March 31, 2022. This has no effect on 'Other Equity' and 'Statement of cash flows' of the Company.
- (d) Under the previous GAAP, deferred tax accounting is done using income statement approach, which focuses on timing differences between taxable profits and accounting profits for the period. Ind AS 12 'Income Taxes' requires to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. In addition, the transitional adjustments also lead to new temporary differences. This has resulted in recognition of deferred tax on temporary differences which was not required under previous GAAP. This has resulted in net increase in 'Deferred tax assets' amounting to ₹ 10.72 Lakhs and ₹ 12.45 Lakhs as at April 1, 2021 and March 31, 2022 respectively with corresponding impact in 'Other equity'. This has further resulted in recognition of deferred tax income amounting to ₹ 3.29 Lakhs in profit or loss and recognition of deferred tax expense amounting to ₹ 1.57 Lakhs in other comprehensive income.
